Brief Summary of Selected Substantive Portions of this Response

[0001] In a telephone discussion (on October 31, 2007), the Examiner indicated that the claims would be allowable if a statement of common ownership was submitted and if claims 31-34 were amended to avoid 101 rejections. The attached set of claims are identical to those submitted in response to the non-final office action dated April 9, 2007, except that claims 31-34 have been amended in the manner discussed during the interview. A statement of common ownership is included herein. Accordingly, Applicant submits that the pending claims are allowable over the cited art of record for at least the reasons discussed during the interview.
